

OWL LABS

INCREDIBLE COLLABORATION IS JUST AHEAD

Meet the Meeting Owl Pro, our premium 360° camera, mic, and speaker that creates the most immersive experience for hybrid teams.

As remote work continues to grow [in the U.S.](#) and [around the world](#), the Meeting Owl helps more than 58,000 hybrid teams around the world work productively from anywhere.

KEY BENEFITS

- Makes it easy to see and hear everything in the room with 360° in-room sound and the Wise Operating System (Wise OS™) that autofocuses on whoever is speaking
- Eliminates friction with a Plug and Play meeting setup and start to support top video conferencing platforms, including Zoom, Google Meet, and GoToMeeting
- Creates an immersive and inclusive meeting experience for remote attendees so hybrid teams can do their best work

Meeting room setup made simple

1

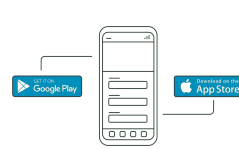

Place your Owl on the conference room table.

2

Plug in power. Connect USB to an on-room computer or laptop.

3

Download the Meeting Owl mobile app and register your Owl.

4

In your video conferencing platform, choose Meeting Owl for audio and video.

As a distributed team, the Meeting Owl plays a big part in our business. It's in every single conference room to make sure the distance feels as little as possible. With the help of Owl, remote employees always feel included in the team culture at Ro.
